

Notice To INDEX STOCKHOLDERS

Owing to the fact that a great portion of the stock was not represented at the meeting on Saturday, Dec. 21, another meeting will be held on Saturday, January 4, 1896. At this meeting a Board of Directors will be elected and the remaining outstanding stock will be re-issued and entered on the books of the Company. Don't fail to bring your old certificates, if you have any. If not, bring what papers you have in your possession showing the amount of stock to which you are entitled. Every stockholder should attend this meeting. By order of Directors.

LOCAL NEWS.

There was a little fellow who went Toot, toot, toot!
He had a little game, it was Late, late, late!
He said he wanted money. It was Gold, gold, gold!
But he learned at last, poor fellow, he was, Sold, sold, sold!

Mr. Taylor handles the theme from a scientific standpoint, and, being eloquent and witty as well as scientific, delights his audience.—Calumet Conglomerate, (Mich.)

J. B. Gano went to Topeka Monday on business. He will return by the way of Great Bend where Mrs. Gano will join him, she spending the holidays with relatives in that city.

Members of Fidelity Lodge, A. O. U. W. are requested to be at lodge room promptly at 7:30 Friday evening next. Work in both degrees and installation. John Singer, recorder.

The Seven-Day Advents are holding forth at the Tadpole school house. Good evangelists are in charge and the meetings are reported as being very interesting.

Wm. High, who resides in Sedgewick county, was a visitor at the home of H. T. Woodward from last Friday until Monday of this week. Mr. H. is a populist and was elected trustee of his township last fall.

Mrs. L. B. Gillette and son, of Marion, Kansas, and Mrs. R. S. Lytle and Miss Penny, of Stanford, Kentucky, sisters, nephew and niece of Mrs. J. C. Davis, came in on Monday to visit about a week.

Muggs—Say Muggins, what is the best Farm Paper I can take this year?
Muggins—Why, the Farm Record of course, and by the way you can get it free with the INDEX. Read their offer and see for yourself or call at their office.

The Lyndon Journal wants a merchant with a \$10,000 stock of goods to come to that city and get into business. All those of Medicine Lodge who wish to take advantage of this snap are requested to write to the Journal. Don't all write at once.

The next teachers association will be held at Medicine Lodge, the second Saturday in January. All teachers are expected to be present and take part in the exercises. All persons interested in education are kindly invited to attend.

Hon. Jerry Simpson was initiated in the G. A. R. last Saturday night. We are told that he was equal to the occasion and that he conquered the goat without any extra effort on his part. The lodge is to be congratulated upon securing his membership.

We have made arrangements by which we can furnish the Topeka Daily Co Operator, populist, and the INDEX one year for the small sum of \$4. The price of the Co-Operator single is \$4. Subscribe now and get two papers for the price of one.

E. E. Hagerman was down from Elm Mills the first of the week. He says he is enjoying good health and getting along nicely. His vacation from the Elm Mills school is very limited this term—four days. His term will close in two months from date.

At the meeting of the G. A. R. last Saturday night, Hon. Jerry Simpson was elected delegate to the State Encampment with J. B. Romig alternate. Mr. Simpson just became a member on that night and his services as a delegate were demanded by the veterans at once.

John King, Canema, was in the city one day last week and renewed his subscription. A few weeks ago we received notice from the post master that Mr. King failed to call for his mail and we naturally supposed that he was among those who had bid adieu to old Barber, but we are glad to note the contrary.

That Wichita prophet, Mrs. Quimby by name, is keeping humanity constantly on terrorizing pegs by announcing the end of time. In last Thursday's Eagle she had it scheduled for Sunday, the 29th, but for some reason best known to herself, the date was changed.

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 25 and 50 cents at J. R. Young Drug Co.

Two weeks ago the Woodward News contained engravings of prominent barristers and officers of the district court at that place, among which was a purported likeness of Ed Sample. To get the joke back on the News, the Alma Review of last week publishes the portrait of Billy Bolton. We are now convinced that Hudson and Bolton are jealous rivals for the same feminine palm.

George Moore came in on Christmas day (last Wednesday) to visit a few days with his parents. George is now employed by the Rock Island railroad as cook for a force of workmen. He likes his position and gets fair wages. He returned on Sunday accompanied by his sister, Miss Ada. She will visit with relatives in Caldwell until the school vacation is ended which is next Monday.

The delegation of this city that attended the Masonic Installation and ball at Lake City on Christmas night reports an unusually large attendance. The hall was crowded and the pleasure of many was curtailed on this account. Shaw's orchestra didn't put in an appearance but good music was furnished by Bently and Buck brothers. All enjoyed themselves notwithstanding the limited space allotted to each individual's bodily frame.

Our readers who have been looking for Hood's Calendar for 1896 will be glad to know that it is out and may be obtained from the druggists or by sending 6 cents in stamps to C. I. Hood & Co., Lowell, Mass. The new calendar is certainly a triumph of art. It represents a lovely head in beautiful brown tints, surrounded by a gold frame, embossed and decidedly "up to date." It makes a useful ornament for the home and a pleasant reminder of Hood's Sarsaparilla.

The Ideal Concert Company was greeted at the opera house last Friday night by a large audience. The company is all that is claimed for it and the complimentary press notices frequently given each member were neither flattering nor exaggerated. To say which handled his or her part best is beyond our ability, since all were as near perfect as any musician or elocutionist we ever heard. We predict full houses for the company wherever it may make engagements.

WE WELCOME THE INDUSTRY.

The Topeka State Journal of last Friday evening contained the following regarding the conversion of the sugar mill at this place into a tannic acid factory. We hope the scheme will pull through and that the industry will be self supporting and successful. It would be a calamity to our city to lose the plant after having gone to so much expense in procuring it. The Journal says:

"There is a prospect that the old Medicine Lodge sugar plant which was sold a day or two ago under foreclosure for \$9,480 will be the scene of a new industry in Kansas.

An organization of English capitalists is negotiating for the establishment with a view of operating it as a cane sugar plant for the manufacture of tannic acid. Almost all of the machinery used for the manufacture of sugar can be used and so the cost of new machinery will be small indeed.

Canaliers is a plant which grows only in New Mexico, southwestern Texas and Arizona and its product takes the place of bark used in tanning hides. The syndicate which is trying to buy the plant has the entire control of the output and they have but one other plant and that is in Phoenix, Arizona. If the factory is sold to the Englishmen it will be worth about \$110,000, which is about what it cost originally. Mr. E. B. Cowling who bought the plant for Willson S. Dodge, says there is no doubt about the syndicate being in earnest and he thinks they will establish the second tannic acid plant in the world at Medicine Lodge."

A COURSE OF LECTURES.

In view of the activity of resubmissionists the state executive committee of the W. C. T. U. has invited Rev. E. O. Taylor of Chicago, to make a tour of the state, visiting the principal cities, presenting the sociological and scientific grounds on which prohibition is based, and as far as possible to educate the public sentiment and stimulate intelligent action in favor of the enforcement of the prohibitory law.

Mr. Taylor has been a pastor in the Baptist denomination for twenty-five years, his last pastorate being in the city of Chicago covering a period of ten years duration, is an expert scientist on the alcohol question. His lectures delivered in Wisconsin, Minnesota, Iowa and the Dakotas, have produced marked results. The local W. C. T. U. of this place has been fortunate in securing him for two lectures. A small admission fee will be charged for the lecture which involves a number of interesting chemical experiments, such as a scientific analysis of a glass of beer, likewise that of a drinking man's breath, gun powder test of liquor and extracts, etc. A collection will be taken at the close of the other lecture to which every person who hears the same will be expected to contribute something. The lectures will be as follows:

Tuesday January 7th, "That boy of yours." Wednesday, January 8th, "A glass of beer analyzed." The meetings will be held in the opera house at 7:30.

We think we have a just cause in entering a complaint against E. E. Hagerman. On Monday, while in town, he called on us and was wearing a most pleasant smile, but he didn't say a word. Later we learned the cause of his pleasant countenance and we still feel like thumping him. A fine boy arrived at his house on Sunday. Understand, reader, we don't complain because of E. E.'s happiness, but because of his stubborn silence. However, we can forgive when we remember that this is his first.

Many merchants are well aware that their customers are their best friends, and taken pleasure in supplying them with the best goods obtainable. As an instance, Perry & Cameron, druggists, Flushing, Michigan. They say: "We have no hesitation in recommending to our customers Chamberlain's Cough Remedy as the best medicine we have ever sold, and always gives satisfaction." 25 and 50 cents, at J. R. Young Drug Co.

NELLIE MCGREGOR, Teacher.

CRISFIELD.

The cold wave reached here Saturday evening but it is much warmer at present.

The holiday week is enjoyed here in various ways and manners. Mr. J. T. Spicer and W. A. Maddox went up to Medicine Lodge on last Saturday.

Arthur Maddox shelled corn for H. P. Watts last Saturday. Mr. and Mrs. Short were the guests of Mr. and Mrs. Doolittle, northeast of town last Friday.

The corn market here is on the downward slide. Our buyers are paying 14 cents per bushel.

Our farmers are done gathering corn and the problem is, where is our profit this year? For a change we would suggest a scrap with Great Britain so that our honor as a nation may be maintained.

Arthur Doll, a former resident here but now a land owner in the Strip was married to Miss Nance on Christmas day and is at home to his friends at the Pence hotel on main street in our city. Arthur is an industrious young man, and we wish them much joy in their wedded life.

Fred Wilson and sister, Miss Edie, are visiting in Harper city.

Mr. and Mrs. M. W. Short entertained a few of their friends on Christmas day as follows: Mr. and Mrs. C. F. Ware and son, John Morgan and Miss Gass, Mrs. Sarah Burket, J. W. Burket and wife, Rev. John Burket, Jacob Burket, Lizzie and May, Burket, Joseph Burket, Miss Anderson, Samuel Burket and Miss Hartzell.

There was a dance in town on the evening of the 25th inst. and supper was served at the Hotel de Pence. We did not learn how many were in attendance.

The Christmas entertainment on Christmas eve at the school house was fairly well attended. The music and recitations were good. The Arch presented a pretty appearance and was well loaded with candy and numerous other presents for the little folks, and many little hearts were made glad. Santa Claus made his appearance in his happiest mood and distributed the presents. While the presents were not costly, yet they were appreciated by the recipients with hearty good will.

Grandpa Jones spent Christmas with his daughter, Mrs. Epley, who resides in the Strip.

The social event of the season was an old fashioned taffy pulling and play party at J. T. Spicer's home on last Thursday evening. Several persons from a distance were in attendance. All report a jolly time.

Crisfield Lodge No. 74 of the Knights and Ladies of the Fireside elected the following officers for the ensuing year, viz: G. T. Wilson, Pres.; C. F. Ware, treasurer; Mrs. Anderson, past Pres.; Rev. E. Watt, chaplain; M. W. Short, knight errant; W. M. Case, esquire; Henry Anderson, herald. Mrs. Short, Mrs. Cass and O. B. Cleveland, trustees. The officers will be installed at the first regular meeting in January.

W. H. Watkins, the station agent at Attica, and his wife and babies were pleasant callers in Crisfield last Friday afternoon.

Rev. Dyson will begin a protracted meeting at the school house on next Sabbath.

L. A. Eby & Co. have had their large scales repaired and they are in good shape for weighing.

Your correspondent is still basking it, and don't like it very well either.

Mr. and Mrs. W. B. Rackley made a trip to Medicine Lodge last Thursday.

Corn shuckers are very busy yet, on account of which, some scholars are losing the longest end of the school term.

Louis Frame and sons returned from their trapping expedition. They report game as pretty scarce.

We are glad to state that Mrs. J. A. McCoy is up and around again.

Mrs. E. C. Grigsby is visiting friends at Attica.

J. A. McCoy came home for a few days during the sickness of his wife. His son, Frank, is herding the cattle in his stead.

The Amber school had a Christmas tree on Christmas eve.

Dance at Sawyer last Friday evening. W. B. Rackley came home just in time to eat Christmas turkey with his family. He will remain long enough to make a good visit.

Will Rauhut has just received a fine new tailor-made suit of clothes, and is planning a trip to Kingman, where he formerly lived, as soon as he can get off from work in the mill. Wonder what's up now. Looks kind of suspicious like. We would like to give a word of caution to the young lady, if we guess rightly. (Received too late last week.)

E. C. Grigsby went to Pratt Center Monday.

Geo. Hawkins, of McAdoo, was shucking corn last week for Mrs. W. B. Rackley.

Sylvester Grigsby is visiting his brother, Dr. C. E. Grigsby at Spivey. He will, also, visit some friends at Attica before returning home.

Alex Means is up and around again. Elm Mills school will not have vacation this winter.

Mrs. J. A. McCoy has been quite sick lately.

Louis Frame and two sons are gone to the southern part of the county on a week's trapping and hunting expedition.

Louis Frame's horse got a little gay a few days ago while he was returning home from Sawyer. The horse had got started in an unusually lively gait, and in an attempt to hold the horse in check, the line broke. The horse immediately started at full speed, and Mr. Frame took a safe leap. The horse turned down a by-road, but the single line becoming wrapped around the axle caused the horse to turn into a grape vine bush where Mr. Frame found him a little later. No damage was done outside the loss of a package of sugar and the bottom of the cart bed broken.

Mrs. Susie Hagerman is visiting her parents in Medicine Lodge, and now E. E. has to bask it.

SHARON.

The Seven-Day Adventists are holding a series of meetings in the Tadpole school house.

R. R. Froman recently from Medicine Lodge is doing the blacksmithing in M. Newland's shop.

Mr. P. V. Lintel, of Harper, was at Sharon a few days ago and on Monday evening the 23rd of December he organized a lodge of the order Knights and Ladies of the Fireside. I understand that there were about twenty persons received into the order as charter members. This order is similar to the A. O. U. W. but receives both men and women as members. Lodges are organized in much the same manner as all fraternal orders. The initiatory ceremonies and secret work are said to be very impressive and instructive. The life insurance policy is for five hundred or one thousand dollars as each member prefers and the assessment rate is in proportion to the amount of the policy. This is a new order. I am told the first lodges were organized in 1894.

For the next six months the International Sunday school lessons which are used in the various Sunday schools in this valley will all be in the New Testament and mostly in the book of Luke.

I noticed in the Wichita Eagle that one William Burke was captured in Wichita last week by one Doc. Root, while in the act of burglarizing the residence of one T. J. Rogers.

The meeting at the U. B. church closed on Sunday night for the present. Bro. Dyson has been the principal speaker at these meetings and is an earnest worker. We trust much good has been done.

The chief cause of loss of cattle and horses this winter is attributed to corn stalks. In addition to losses formerly noted, Uncle Ben Lasswell has lost five cattle and three horses, Standford smart two horses, David Clough six horses and several head of cattle, John Kimball one horse, James B. Neal one horse, Lawrence Neal one horse, Frank McKeeney thirteen head of cattle.

On Sunday we visited at Uncle Benj. Lasswell's. We found him sitting up in a chair and able to converse but unable to get out of the house. He is very much emaciated weak and troubled with coughing. His daughter Anna and her husband John Bowman have gone to the Cheyenne country where they intend to pass a couple of weeks visiting her brothers.

The past week has been mild for the time of year. There was a chilly wind from the north Sunday but most of the day the mercury was slightly above the freezing point.

On Saturday Dawson Brown sold some corn at Sharon for 14 cents which is slightly under what corn sold for a few days ago.

L. Vandiver is recovering from his injuries. He does not use his arm yet, but is healing nicely.
